Subject: Microsoft Settlement

I am writing to register my support for the settlement terms reached by the Department of Justice and Microsoft regarding the antitrust dispute on November 2. I feel that ending the litigation will be beneficial to the economy, and the federal government made the right choice.

Competition is extremely healthy, and every company needs to do business as they see fit. Let's let businesses worry about business, and government worry about government issues. There is no need for unnecessary regulation. Now, more than ever, it is imperative that the market prospers. Agreeing to the terms of the settlement will allow the market to do just that.

Thank you for taking the time to read this letter. Please settle this matter and allow Microsoft to get back to business as usual.

Sincerely,

Annette Unrein
